January 1959

DECEMBER UNIFORM PRICE \$4.15

Dairy farmers will receive a uniform price of \$4.15 for December 1958 deliveries of Grade A milk to handlers under the South Bend-LaPorte-Elkhart, Indiana, milk order. The uniform price is based upon a butterfat test of 3.5 percent and will be adjusted by a differential of 7.2 cents for each one tenth percent that tests vary above or below the 3.5 percent standard. This minimum price is subject to a 3 cent per hundredweight marketing service deduction, together with the authorized hauling charge.

PRODUCER RECEIPTS

Daily receipts of producer milk showed a slight decrease from the November delivery period, but were 32 percent higher than a year ago when Elkhart County was not under the order. Daily herd production was practically the same as in November, but was about 5 pounds less than a year ago. The national trend is for larger daily herd production, and had it not been for the change in production area from last year, our daily herd production would be higher at this time.

CLASS I SALES

Class I sales are down about 1 percent from November, but a slight decrease in sales for December is normal, because of the holiday season. Out of area Class I sales in bulk have decreased considerably since October 1958.

BASE REGULATIONS 1959

All producers requesting "new producer status", or having less than 90 days production received by handlers under the South Bend-LaPorte-Elkhart, Indiana, marketing order in the months of September, October, November and December 1958, will be paid on the following basis for April, May, June, and July 1959:

April delivery price	80% at "base"; 20% at "excess"
May delivery price	73% at "base"; 27% at "excess"
June delivery price	75% at "base"; 25% at "excess"
July delivery price	79% at "base"; 21% at "excess"

All producers who wish to request a "new producer status" for their earned base, must have their WRITTEN REQUEST in the office of the Federal Milk Market Administrator, P. O. Box 216, South Bend 24, Indiana, by February 15, 1959.

CLASS I PRICE

The Class I price for the January 1959 delivery period will be \$4.23 per hundredweight for 3.5 percent Grade A milk. The supply-demand adjustment for the February 1959 delivery period will be a plus 6 cents.
